

Decision Records Index — AI Grant Accelerator

This index lists all business and idea-level decisions that must be made before building the Business Requirements Document (BRD). Each record contains exactly one question to be answered.

Status key: Pending · Decided · Superseded

Purpose & Scope

ID	Question	Status
DR-PS-001	What specific grant application pain points will the app solve?	Decided ✓
DR-PS-002	Will the app be primarily a grant discovery tool, a grant writing tool, or both?	Decided ✓
DR-PS-003	Will the app support UK-only grants, or also EU and international grants?	Decided ✓

Target Users

ID	Question	Status
DR-TU-001	Who is the primary user of the app within a charity?	Decided ✓
DR-TU-002	What size of charity is the primary target for the app?	Decided ✓
DR-TU-003	What level of technical literacy should the app be designed for?	Decided ✓

Ownership & Distribution

ID	Question	Status
DR-OD-001	Who will own and operate the app long-term?	Decided ✓
DR-OD-002	How will charities access the app — and will they pay for it?	Decided ✓
DR-OD-003	Will the app be donated to one specific charity, or made available to the charity sector as a whole?	Decided ✓

AI Strategy

ID	Question	Status
DR-AI-001	Which AI capabilities will the app provide?	Decided ✓
DR-AI-002	Which AI provider or providers will power the app?	Decided ✓
DR-AI-003	How will AI-generated content be validated before a charity submits a grant application?	Decided ✓

Data & Privacy

ID	Question	Status
DR-DP-001	What data will the app store about charities and their grant applications?	Decided ✓
DR-DP-002	Where will the app's data be hosted, and must it remain within the UK?	Decided ✓
DR-DP-003	Who owns the data charities input into the app, and can it be used to train AI models?	Decided ✓

Integrations

ID	Question	Status
DR-IN-001	Will the app integrate with existing tools that charities already use?	Decided ✓
DR-IN-002	Will the app pull live grant data from external databases or funder sources?	Decided ✓

Grant Knowledge Base

ID	Question	Status
DR-GK-001	Where will the app's information about available grants come from?	Deferred II
DR-GK-002	How will the grant database be kept current?	Deferred II
DR-GK-003	Who will be responsible for maintaining the grant database?	Deferred II

Success Metrics

ID	Question	Status
DR-SM-001	How will success be measured for the app?	Decided ✓
DR-SM-002	How will charities provide feedback on the app?	Decided ✓

Legal & Compliance

ID	Question	Status
DR-LC-001	Does the app need to comply with specific charity sector regulations, and if so, which ones?	Decided ✓
DR-LC-002	What is the liability position if AI-generated content leads to a failed or incorrect grant application?	Decided ✓
DR-LC-003	What accessibility standard must the app meet?	Decided ✓

Build & Maintenance

ID	Question	Status
DR-BM-001	Who will build and maintain the app?	Decided ✓
DR-BM-002	What happens to the app if the primary maintainer can no longer support it?	Decided ✓
DR-BM-003	Will the app be open source or closed source?	Decided ✓
